## ANALYSIS

This is the first request for an extension of time of a previous approved Special Use Permit (SUP-19100) for a Hotel with a waiver to allow a distance separation of 80 feet from a residential use where 330 feet is the minimum required at the southwest corner of Tenaya Way and Sky Pointe Drive. The applicant has not begun construction of the proposed project, though they have submitted building permit applications.

In accordance with Title 19.18.060, a Special Use Permit is exercised upon the approval of a business license to the activity, if required, or upon the issuance of a certificate of occupancy or approval of a final inspection.

## **FINDINGS**

Construction for the proposed project has not yet begun; therefore, the applicant has not met the requirements to exercise the entitlement of the Special Use Permit (SUP-19100) as outlined in Title 19.18.060. The applicant is anticipating the issuance of permits for the proposed project by early 2010. Staff recommends approval of this request with a two-year time limit. Conformance to the conditions of approval of Special Use Permit (SUP-19100) shall be required.
